# FERNO Baby Pod II

## Infant Transportation

**Transfer newborns up to 8kg with enhanced stability – even during bumpy conditions**

Transferring neonates presents particular challenges. You need to ensure the temperature remains comfortable and the environment is free from infection. **Baby Pod II** fulfills these criteria while providing remarkable stability through special shock absorbing technology – making it ideal for transfers involving fixed and rotary winged aircraft as well as cars and emergency vehicles.

- **Simple to manoeuvre** – easily lifted in and out of vehicles by two people
- **Unrivalled stability** – with patient positioning vacuum mattress and safety straps
- **Exceptionally versatile** – ideal for use in hospital transfers, relief operations, emergency midwifery, neonatal revival cases, ambulance car or air transfers
- **Convenient to use** – fully X-ray and MRI compatible... and needs no electricity
- **Highly compatible** – can be used with all major ventilators and enables the addition of improved O2 environment and syringe pumps
- **Excellent hygiene** – body constructed from carbon fibre for enhanced infection control
- **Proven performance** – crash tested to the standard CEN 1789 (10g in six directions)

### Part Nos:

**BP0D2-EV04** Baby Pod II, including the below accessories:

BP0D2-002	Baby Pod Vacuum Mattress
BP0D2-003	Baby Pod Infant Positioning Straps (single use)
BP0D2-005	Baby Pod Shock Absorbent Foam Set
BP0D2-006	Baby Pod Stretcher Fixing Straps
BP0D2-007	Baby Pod Lid Set (1 pair)
BP0D2-008	Baby Pod Apparatus "U" Bar
BP0D2-010	Baby Pod 2 Bracket To Fit SIMS
BP0D2-013	Baby Pod Protective Storage Bag
BP0D2-014	Baby Pod Tubing Holder

### Other Accessories :

BP0D2-020	Baby Pod Hand Vacuum Pump
FA851K105	Baby Pod Aviation Restraint Straps (tested to 20G) (test certificate not included)
FA851K110	Baby Pod Aviation Restraint Kit (tested to 20G) (including test certificate)

**TRANS06** TransWarmer heat pad, box of 6
